

# THE PIONEER

FIRST OF THE PANAMA HIGHLAND SERIES

The Pioneer expresses the relaxed spirit of Panama's Central Mountains

True to its name, The Pioneer is the first of a series of Handcrafted Dwellings introduced by Premier Home Builders Bocasas, S.A. Built entirely by hand, inside and out. The Pioneer represents a habitat with unique signature characteristics such as Old World Stone, true Structural Log and Timber Joinery, Mortise and Tenon Cedar Windows, and an alluminium/galvanized Metal roof with simple ridge lines and long gutterless overhangs. As all true Mountain Homes require, The Pioneer features the main door leading to a Mud Room Foyer area for entering after a day of great outdoor fun. An open Kitchen/Great room with exposed Teak Log Trusses in the vaulted ceilings, as well as a Master suite with Log and Timber rafters supporting wirebrushed Douglass Fir planking throughout, complete a dramatic interior. Functional outdoor spaces, such as the built-in Cook Grill on the covered porch make this modern mountain camp ideal for weekend or full time living. The Pioneer is an Ideal Mountain retreat for enjoying the essence of Panama's Highland Mountains.

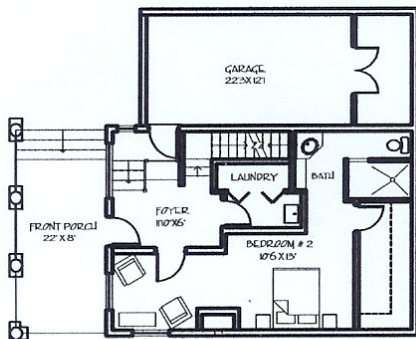

TOTAL HANDCRAFTED SPACE

2,865 SF.

UPPER LEVEL

1,225 SF.

TOTAL 1,475 SF.

MAIN LEVEL
